SCHOOL OF MINISTRY 2024 -2025

Our Teacher Training focused on equipping teachers with a strong foundation in effective lesson planning. Building on the principles of Bloom’s Taxonomy introduced previously, the training guided teachers through the process of developing clear learning objectives, structuring lessons thoughtfully, and delivering content with purpose and clarity. Emphasis was placed on understanding learners, communicating truth effectively, and teaching in a way that reflects Christ-centered values. This training has strengthened teachers to serve with greater confidence and intentionality in their teaching roles.

It was such a joy to see last year’s full-time School of Ministry students grow in faith, knowledge, and ministry skills during their time here. They celebrated during Sunday service with the church and graduated on Monday, sharing what Christ did in them. We rejoice in how God has prepared them, and many are now faithfully serving in their home churches. We pray that they continue to be vessels for God’s work, impacting lives and serving His kingdom with dedication and love.

ROUNDTABLE

The Round Table sparks Christ-centered conversations on topics that may seem culturally acceptable but aren’t always biblically aligned. The purpose is to help participants

see everyday issues through God’s perspective. Highlights are on Deb’s socials and full videos can be seen on YouTube at @CalledChristians Uganda.

SCALE OUTREACH

The Scale Outreach is a community initiative where we engage people in a friendly

and interactive way by telling them how much they weigh and how tall they are. While doing this, we share about Jesus and invite participants to church, classes, and Round Table discussions, helping many connect with God's love.

CONNECT WITH DEB

Deb will be in the U.S. in mid-February to late-April and would love to connect—reach out to schedule a meeting or learn more about the ministry in Uganda:

DISCIPLESHIP PROGRAM

This program has now been running for five months, and we are thankful to God for the growth and work He has done during this time. The Pauls and Timothys meet once a month.

Each meeting includes a devotion shared by one participant, followed by discussion and prayer as we encourage one another in our walk with Christ. Recently, a meeting was held with only the Pauls to reflect on the program and discuss ways it can be improved, so that it may better serve the Lord and support continued spiritual growth.

PART TIME CLASSES FOR LOCALS

Over the past year, we have offered part-time classes for locals who cannot attend the full School of Ministry, giving opportunities for spiritual growth and ministry training. Classes were scheduled at different times to accommodate working participants and included OIA, Evangelism, Apologetics, and more. Some of the classes and testimonies are shared on our YouTube channel,

(@CalledChristiansUganda), that even more people can grow and be equipped to serve the Lord.

We continue pressing forward, making disciples that make disciples, trusting God to use every effort for His glory.
