

PASTORS INFORMATION

SCHOOL OF MINISTRY

2026 - 2027

OUR VISION

To help people know Christ more deeply, rightly divide the Word of God, teach it faithfully, apply it to their daily lives, and equip others to do the same.

OUR MISSION

Making disciples that make disciples of Jesus

We know a church does not run on a pastor alone, God made us to work together as the Body of Christ. The School of Ministry (SOM) exists to support the local church by grounding believers in Scripture, strengthening their walk with Christ, and equipping them to serve faithfully. Teaching emphasizes understanding the Bible clearly, applying God's Word to everyday life, and growing in spiritual maturity. Please note all classes and materials are in **English** and students must have an **intermediate level of English** to keep up. The SOM is a full-time training program located in Jinja, Uganda. The program does not ordain pastors, but equips believers to return and serve faithfully in their churches and communities. Do you know someone who is on fire for the Lord? Someone who wants to know more about Christ and following Him? Will you speak with them about attending the SOM and give them the student packet?
